The Honorary Secretary:
The Whitefield Anglo-Indian Association.

To

P. N. Madava Rao Esquire. C.I.E.
Dewan of Mysore.
Bangalore.

Sir,

I am instructed by the Committee to submit the following:-

1. The need of a Dispensary in Whitefield has been represented for several years past, and the matter kept before the authorities, but to no practical effect. The Settlers consequently had recourse to that maintained at Varthur, two miles distant, and patients experienced difficulties to attend it, or have the Hospital Assistants attend them here, especially during the rains when the Road became so dangerous that no conveyance could be obtained for either object, this without reference to the expense incurred by Settlers.

2. In January 1903 a request was preferred for the Hospital Assistant to visit the Settlement bi-weekly to afford medical aid; this was granted in February, but the Hospital Assistant's visits did not begin till August following. In October the authorities seemed to have decided upon shifting the Dispensary from Varthur to Whitefield, and "Nelson" cottage was consequently engaged for it, the Dispensary and staff shifting soon after and it has been here since.

Now the question of permanency in Whitefield appears to be had under consideration, and this matter depends largely upon the Report of the District Medical and San-

=itary Officer, Bangalore District who seems to prefer Varthur as more suitable than Whitefield under the impression apparently that if retained in Whitefield it will not, or can not meet the needs of the inhabitants of the Sur=rounding Villages, an impression which appears to the Committee to be somewhat erroneous as the attend=ance has been much larger than when at Varthur. So far its location has been but short, and time must elapse before the change can become widely known and the attendance show a further increase.

Again, its permanency here will, obviously, encourage the confidence of the Village people in the benefits of an institution located in a Settlement inhabited by an alien community, whose example, I need scarcely re=mark, is more apt to be infectious than otherwise.

3. Under the foregoing I beg you will favourably consider the matter and not deprive the Settlement of a boon agitated for ~~many~~ years, granted but recently and gratefully appreciated, but now to be withheld, and the Settlers committed to the ~~Expense~~ and difficulties of obtaining Medical aid from a distance of 2 miles, - Varthur, which Village is, if I mistake not, periodically infected with Plague, but which can be visited bi-weekly hence by the Hospital Assistants.

I have the honor to be
Sir,
Your most Obedient Servants.
